How can I create or update my Adobe ID? - Software

Complete Adobe ID registration and login

What is an Adobe ID?

Your Adobe ID is your email address. Use the same Adobe ID to keep all your Adobe plans and products associated with a single account. An Adobe ID is essential for a secure and personalized experience with Adobe applications and services.

To have an Adobe ID that will allow you to use the Adobe Acrobat DC program, you must apply at http://solicitudes.uv.es

Once your request is met you will receive an email from Adobe to complete the registration, following these steps.

1-Pin to start

2.- Enter the password:
3. Your account is already created. On this page you have the possibility to download the application in case you don't have it installed.

Login to Adobe Acrobat

Once the registration is complete, we will look for the program and go to Login.
On the next screen we will click on "Login with an Enterprise ID"

Remember your Enterprise ID is firstname.lastname@uv.es
If you wish you can omit the phone number, it will be used to set a new password in case of forgetting this.
