(EN) DISCO - WEB - BACKUP: Requesting needed spaces.

1. We access in the page of https://solicitudes.uv.es/ and click on the Request tab.

2. In the list of requests we will select: "Space in the Disk, Web and Backup servers".

3. Within this section we see that there are several options to select, depending on what we need we will choose: Virtual Disk for Group, or an Expansion of Virtual Disk for Group, etc.

- In this case we are going to request a Virtual Disk for Group:
- Clicking on the link will open a form where we will have to fill in the fields with our data.
- We have to fill in all the fields and press the submit button.
- In less than 1 minute the browser will show us on screen a ticket number, with which we can track.
