How can foreign users of the University of Valencia to be registered??

Instruccions

Sometimes, teachers want to enroll external users in a course or community in the Virtual classroom.

External user is considered to be those email accounts that are not the official ones in the Universitat de València (example: gmail, Hotmail, other universities accounts).

Who can register ?:

Any PAS or PDI that I administer a course.

Here you have the Manual to create external accounts:

Comptes externs.pdf

On time you have registered in the Virtual Classroom platform and have been added to a course or community, you can log in from the page: https://aulavirtual.uv.es and choose it from the "Mis cursos" list.
