

# (EN) Is there an exception to the maximum number of calls to pass a subject? - UV registration - FAQs

Yes. The 6 calls are not applied in case you have left pending 15% or less of the credits of your syllabus to finish the race.

Also, in the case of the existence of a justified personal cause that could have influenced the performance (serious illness or other cause of force majeure). It is the responsibility of the dean, the decision on the situation, having to request it with the corresponding justification.
