

(EN) Can I buy / update a Windows PC, with the UV license? - Software

Any computer that wants to update / install the operating system to the Windows license of the UV will have to have a legal license of Windows, as established by the conditions of use of the licenses by volume. [Terms of service Microsoft October 2018](#)

Therefore, if we want to update / install our equipment (either classroom, laboratory or dispatch) with the Windows operating system of the UV we will have to acquire the equipment with a Windows license
